

LOAD PROTECTOR

PROTECTIVE BUFFER

The Superior Fork Cushion / Load Protector provides a cushioned non-slip surface between cargo and steel lift truck forks eliminating costly damage experienced during the loading and unloading process.

PREMIUM POLYURETHANE

Molded from Superior Cushothane® polyurethane, the STR Fork Cushion / Load Protector is engineered to provide remarkable durability and unmatched service life.

EASY TO INSTALL

The STR Fork Cushion / Load Protector easily slides over standard lift truck forks and remains secure with provided mounting hardware.

OEM ATTACHMENT

Designed to exact OEM specifications.

POLY FORK CUSHION

ELIMINATE COSTLY DAMAGE CAUSED BY STEEL FORKS

Designed to protect valuable cargo throughout the material handling industry, the Superior Polyurethane Fork Cushion / Load Protector is site-proven to eliminate costly damage caused by lift truck forks. The unique design provides a cushioned non-slip surface between the product and steel fork eliminating expensive scratching, chipping, marring and scuffing experienced during the loading and unloading process. Manufactured to exact OEM specifications, the Superior Fork Cushion / Load Protector is molded from Superior premium Cushothane® polyurethane and easily slips over standard lift truck forks providing the highest standards of performance and reliability in the most demanding operating environments.

A POLYURETHANE LOAD PROTECTING ATTACHMENT FOR FORK LIFT TRUCKS

POLY FORK CUSHION / LOAD PROTECTOR

PROTECTIVE BUFFER

The Superior Fork Cushion / Load Protector provides a cushioned surface between cargo and steel lift truck forks eliminating costly damage experienced during the loading and unloading process.

NON-SLIP SURFACE

Cargo remains securely positioned while in transit.

REINFORCED HEEL

An additional fiberglass mesh is implanted in the heel to provide strength and prevent tear out.

PREMIUM POLYURETHANE

Molded from Superior Cushothane® polyurethane, the STR Fork Cushion / Load Protector is engineered to provide remarkable durability and unmatched service life.

OEM ATTACHMENT

Designed to exact OEM specifications.

EASY TO INSTALL

The Superior Fork Cushion / Load Protector easily slides over standard lift truck forks and remains secure with provided mounting hardware.
